

Our Veterans

Symbols of someone being a veteran can be found,
On the license of a car to a hat upon a head.

And to see a hat or sign of this kind,
You must give silent or verbal thanks to those who survived,
For your life could cease to be,
They risk their own lives leaving, when to make it back is not
guaranteed.

Whether this is of the eagle, anchor, globe, or more,
We celebrate and respect all,
Our military from the air, sea, and land all fought through war,

Our veterans saved lives, and their bravery shines,
And they lived to see the days,
We celebrate them and say,
“Thank you so much,” echoed a million times.

~Lorelei (Rory) Trevathan
